

Western Technical College

10001159 Survey of Herbaceous Plants

Course Outcome Summary

Course Information

Description	Commonly used annual, bulb, and perennial herbaceous plants are studied with an emphasis on their use in the landscape.
Career Cluster	Agriculture, Food and Natural Resources
Instructional Level	Associate Degree Courses
Total Credits	3
Total Hours	72

Textbooks

No textbook required.

Course Competencies

1. Investigate common bulbs and their placement used in ornamental horticulture.

Learning Objectives

- 1.a. Investigate and categorize common bulbs for sunny locations used in ornamental horticulture.
- 1.b. Investigate and categorize common bulbs for shady locations used in ornamental horticulture.
- 1.c. Investigate common fall planted and common spring planted bulbs used in ornamental horticulture.

2. Investigate common perennial plants and their placement in ornamental horticulture.

Learning Objectives

- 2.a. Investigate and categorize common perennials used for sunny locations in ornamental horticulture.
- 2.b. Investigate and categorize common perennials used in shady locations in ornamental horticulture.

3. Investigate common annuals and their placement in ornamental horticulture.

Learning Objectives

- 3.a. Investigate and categorize common annuals used in shady locations in ornamental horticulture.
- 3.b. Investigate and categorize common annuals for sunny locations used in ornamental horticulture.

4. Investigate common biennials and their placement in ornamental horticulture.

Learning Objectives

- 4.a. Investigate and categorize common biennials for sunny locations used in ornamental horticulture. Identify
- 4.b. Identify and categorize common biennials for shady locations used in ornamental horticulture.

5. Investigate common ornamental grasses and their placement in ornamental horticulture.

Learning Objectives

- 5.a. Investigate and categorize common ornamental grasses for sunny locations used in ornamental horticulture.
- 5.b. Investigate and categorize common ornamental grasses for shady locations used in ornamental horticulture.

6. Design planting beds that include bulbs, annuals, biennials, perennials, and ornamental grasses.

Learning Objectives

- 6.a. Design planting beds that include bulbs and annuals.
- 6.b. Design planting beds that include; bulbs, annuals, and biennials.
- 6.c. Design planting beds that include; bulbs, annuals, biennials, and perennials.
- 6.d. Design planting beds that include; bulbs, annuals, biennials, perennials, and ornamental grasses.
